LED STRING LIGHT

Increased visibility provides a safer working environment, as lighting is always an issue during crawl space work. With our string of virtually indestructible, weatherproof LED lights for indoor or outdoor use, you have a solution! Save time during installation with no need to drag lights and drop cables all over the crawl space. Each light includes a carabiner to make installation simple. You can leave it as a permanent installation to light the way for others or use it to brighten other areas such as attics, patios, camping, construction sites, etc.

These five LED lights produce 7000 total lumens, use just 50 watts total and have an LED life of 50,000 hours. Lights are spaced 10' apart on a 50' cord. Each light has an extra wide 210° light spread with a super bright beam. Connect up to 16 sets of lights for a maximum 800 ft.-long light chain. The light color is 4000k (Cool White) which is midway between Warm White and Daylight. They are safe and cool to the touch and come with a 2-year limited warranty.

Carabiner on each light head for easy attaching

LED Specifications

Lumens	7000 total
Wattage	50
CCT	4000K
Efficacy (Lumens per Watt)	140
LED Life	50,000 hrs
Beam Width	210°

Product Specifications

Operating Voltage	120V
Operating Temp	-4~+104°F
IP Rating	65
Cord Type/Length	18AWG SJTW, 50 ft.

Product Features

- 50 ft. long - link up to 16 sets
- Carabiner attached to each light
- Weatherproof
- Plug and Play
